

GATE STREET BARN
TABLE LAYOUT & EXAMPLES

Please be advised The Barn is long & narrow and a combination of 6ft round tables is limited. The below is not to scale and you MUST email a draft to us for authorisation and advise on best fit before you confirm plans.

Click & drag the tables below onto the above layout
To change the table number just click to the right of the number 1

6 x 5ft circular table; 6-9 guests but 8 max if a wheelchair or highchair is included

12 x 5ft 6in circular tables; 8-10 guests

6 x 6ft circular table; 11-12 guests but 11 max if a wheelchair or highchair is included - 6fts cannot be placed opposite each other and side by side in certain areas

10 x 6ft by 2.6ft trestle tables: 3 trestles length ways for a long top table for 7-10 guests – please note no more than 10 guests fit on a long top table.

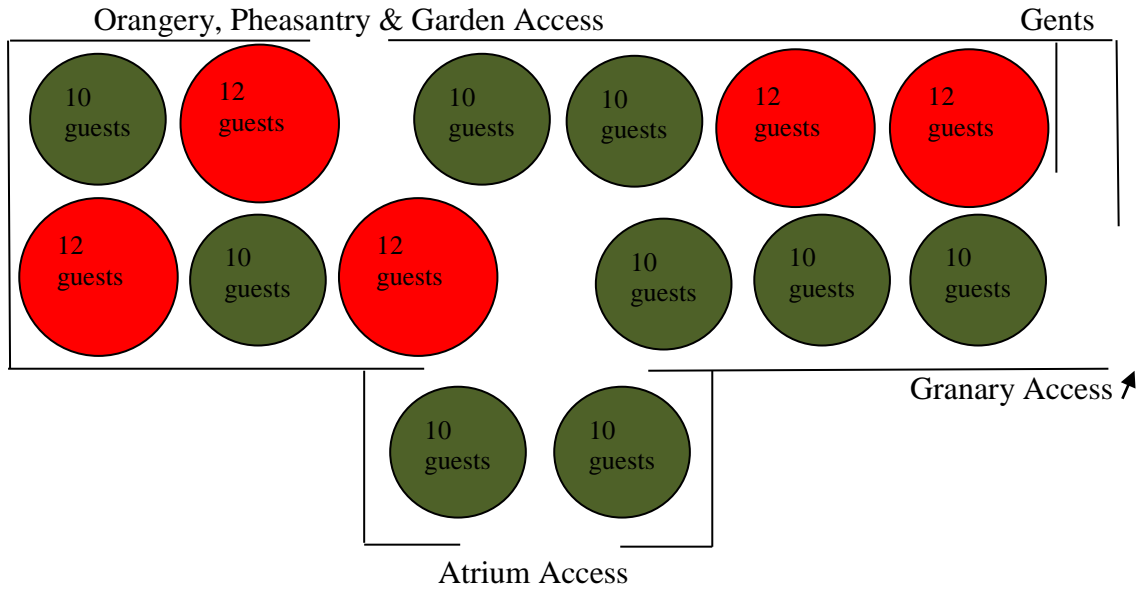

1 x 3ft circular cake table

Important Points to Remember

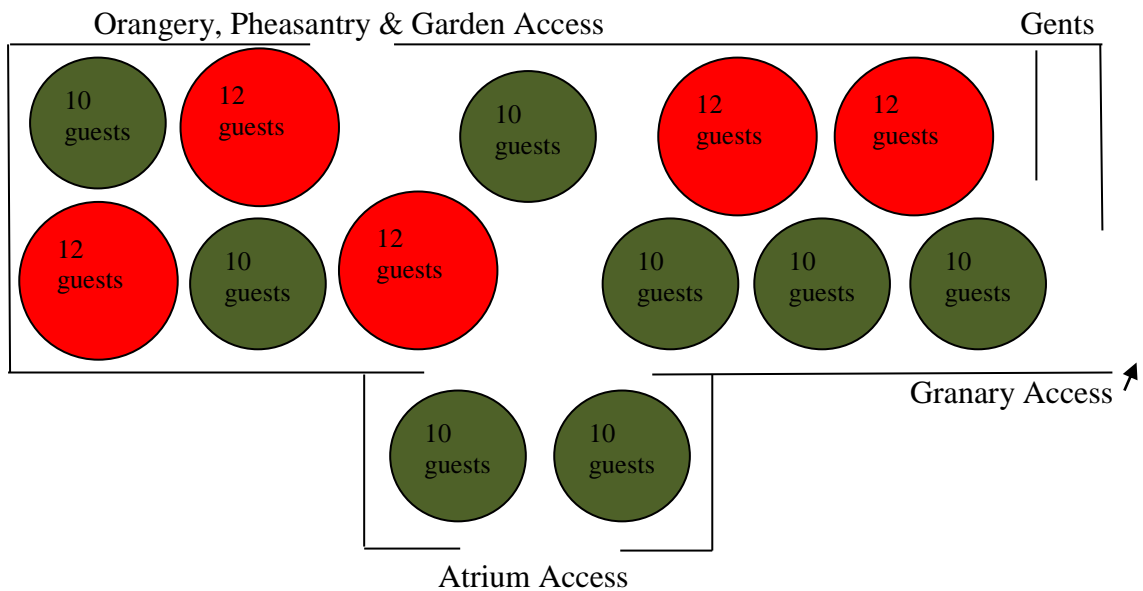

1. Do not place a table directly in front of access points as these are fire exits
2. The access to The Granary is a busy thoroughfare for waiting staff & bathrooms so this area should be as spacious as possible. 5ft tables are best placed here
4. Highchairs must be positioned next to The Barn walls and not in the waiting staff's path. Please note The Barn does not have highchairs but the caterers can hire them
5. Indicate which tables have wheelchair and/or highchairs
6. Please number your tables in numerical order and add table names if required. An example of how to send us a draft for authorisation is on the last page

EXAMPLES

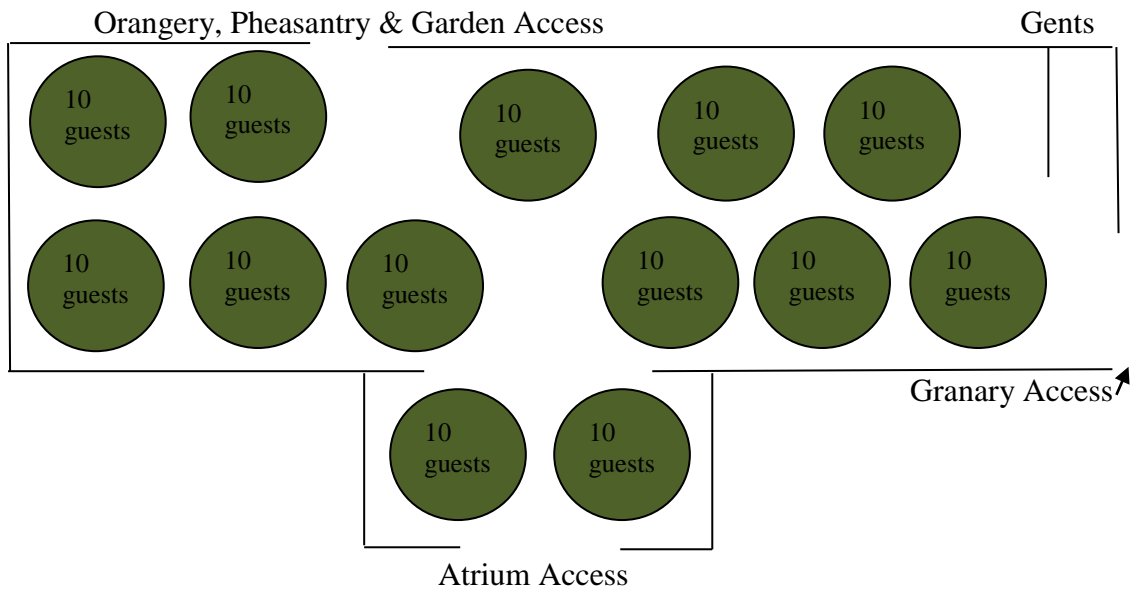

1. 150 guests – ONLY this layout will fit in The Barn and the cake table must be in The Pheasantry

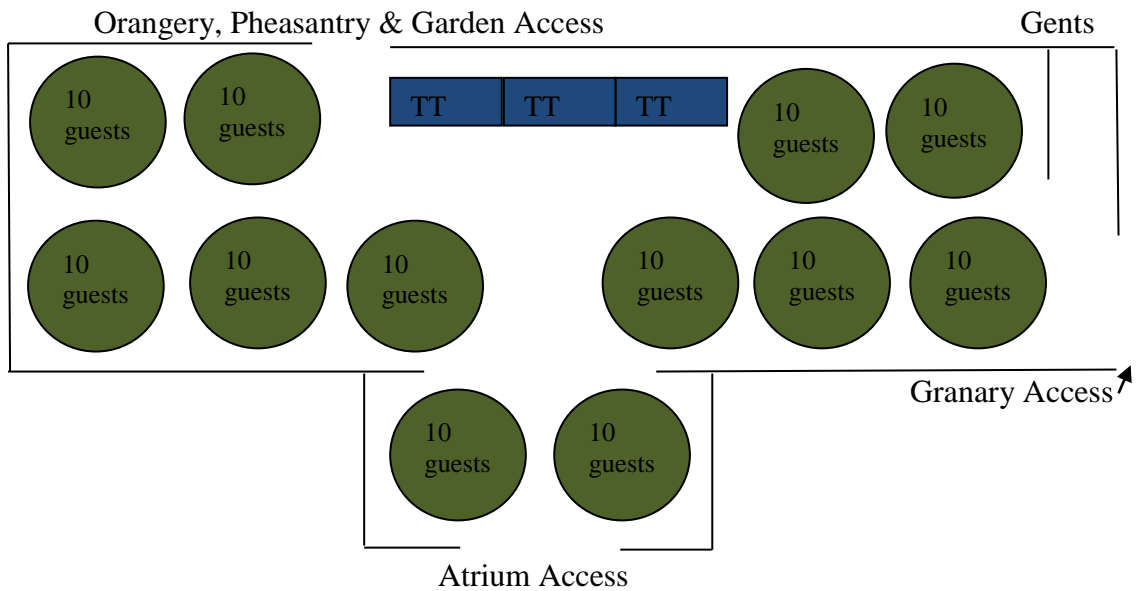

2. 140 guests – A long Tope Table will not fit with these numbers and this is the absolute best layout. The cake table must be in The Pheasantry

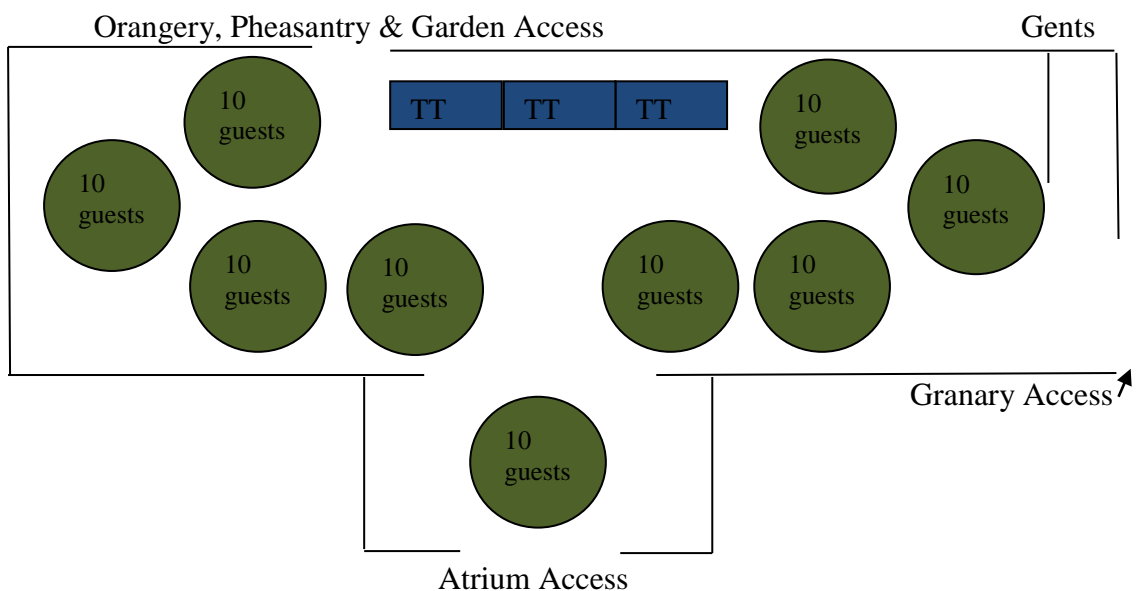

3. 130 guests with all round tables of 10.

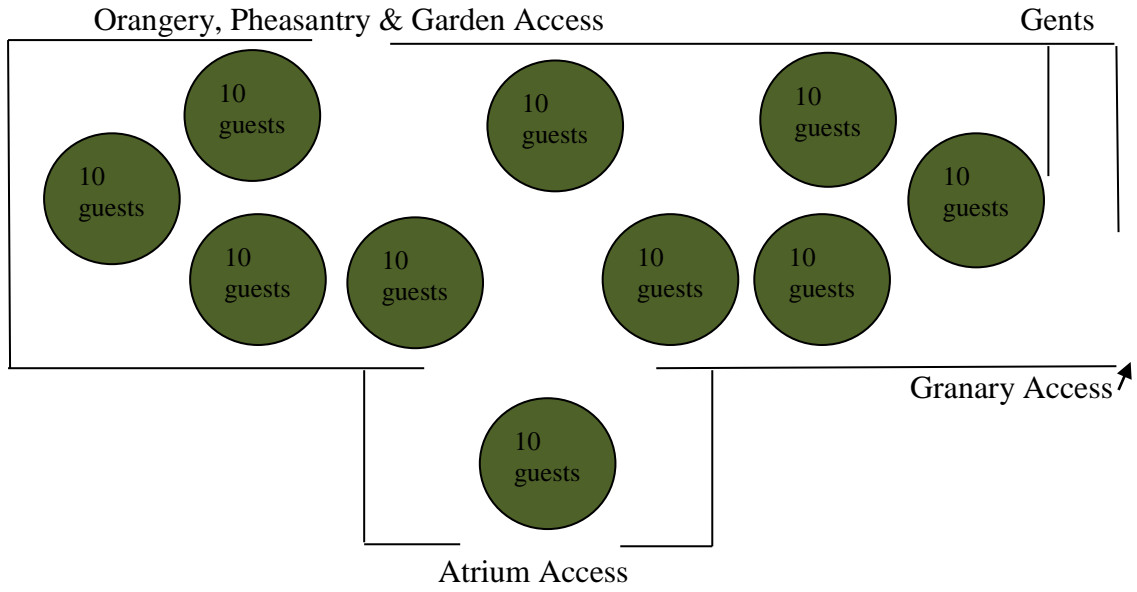

4. 130 guests with a long Top Table and all tables of 10.

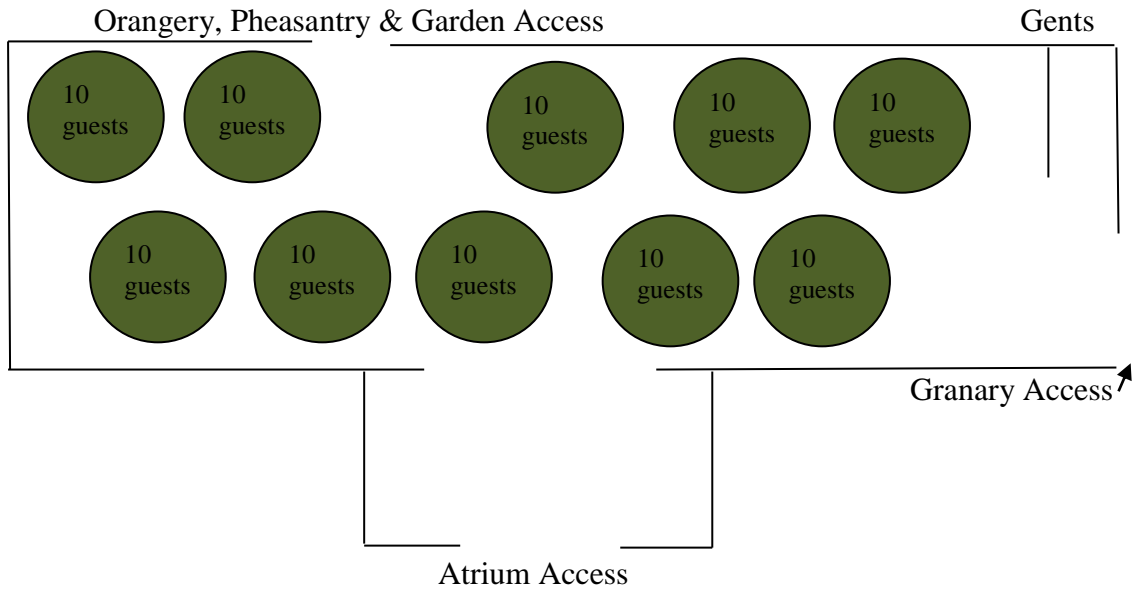

5. 100 guests with a long Top Table and all tables of 10.

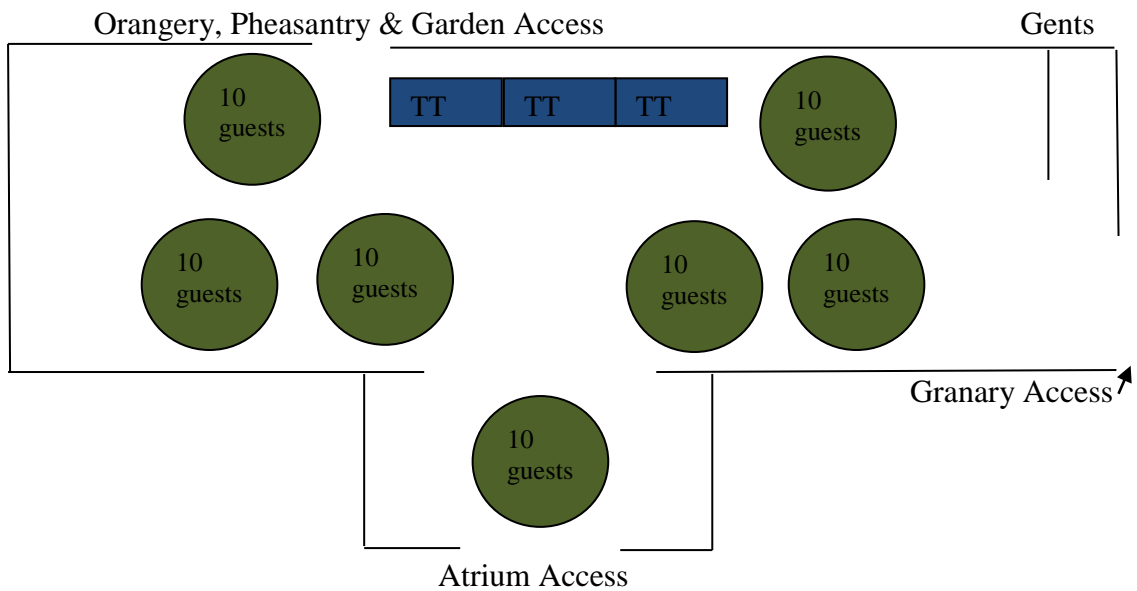

6. 100 guests with a round Top Table and all tables of 10.

7. 100 guests with a round Top Table and all tables of 10 in the main barn

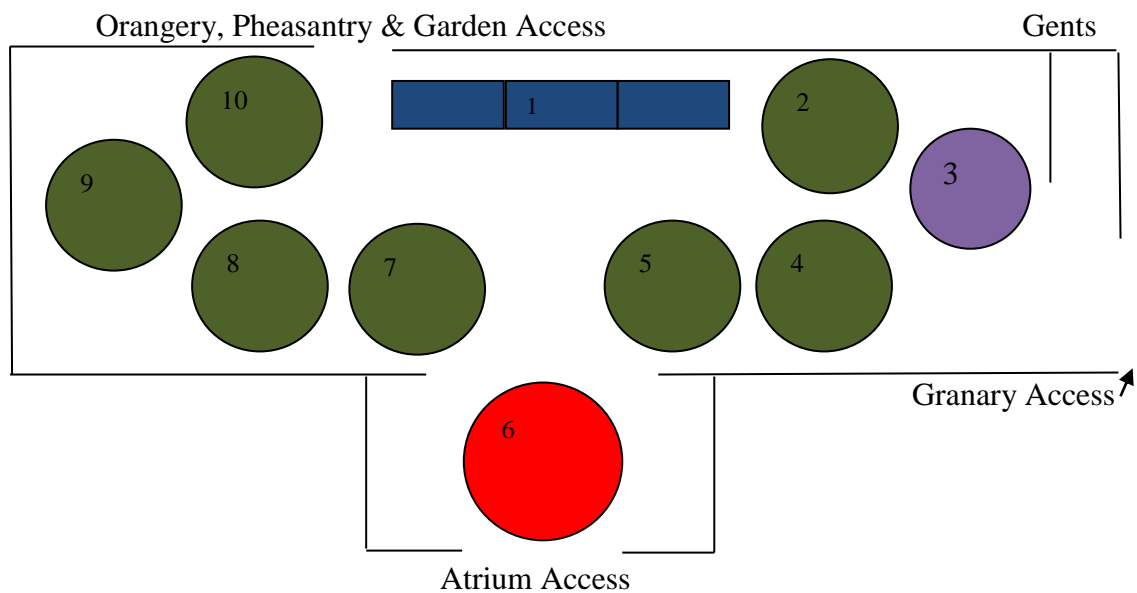

5. 80 guests with a long Top Table and all tables of 10.

Example Draft to Return for Authorisation

Please use this format ONLY
This will be the working document for us & your caterers.
