

Use of Gate Street Barn Equipment

Any equipment owned by Gate Street Barn that is used, without cost, by an external Contractor in order to facilitate their work carries the following conditions: -

- 1) No warranty is given as to the safety or suitability of the equipment for the intended use by the Contractor.
- 2) Before use, all equipment must be thoroughly checked. If safety defects are found, the equipment should not be used, and it should be reported to Gate Street Barn.
- 3) The Contractor must ensure that all users of equipment are sufficiently capable and trained.
- 4) Adequate risk assessments for the safe use of the equipment must be undertaken by the Contractor.
- 5) Any Contractor operating on site must have their own public and employer's liability insurance.
- 6) Signing of this document confirms understanding and acceptance of the above.
