

Confetti

We ONLY allow fresh or dried petals at Gate Street Barn and do not allow paper confetti even if it is bio-degradable.

Paper & Metallic confetti cannot be used anywhere even as table decoration! Sadly, they are a fire hazard as they get between the floorboards in The Barn. They also leave a lot of mess which is impossible to clear up before a wedding the following day.

We do have dried petals available to purchase from us at a cost of £3.00 per bag. Each bag has about 8 pinches.

Please note you may be charged for additional cleaning if paper confetti needs removing so please ensure your guests are aware of the confetti rules on their invitation
